Re: Dockets Mgmt. Branch (HFA-305)
Docket #'s 95N-1230, 96P-0418, 97P-0197

To whom it may concern:

The U.S. Egg Industry melts (intentionally starves) millions of hens to increase egg production. This destroys the hens immune systems. Not only is this inhumane to the hens it's a practice that can injure human health as well.

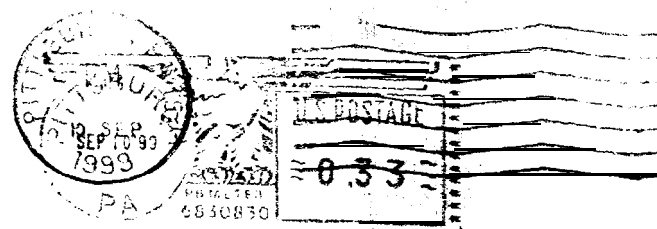

The FDA has jurisdiction to stop this and should do so as soon as possible.

Sincerely,
Rob Cullen
